

Thailand Snake ID

We no longer offer snake identification services for Thailand. We did so for over 6 years, and it has become overwhelming. There are some resources you can use below to identify the snake you saw. In particular, check out the [THAILAND SNAKES PUBLIC FB GROUP](#), or the Common Snakes pages and ebook because most likely, your snake can be found there.

If you know someone interested in taking over this website, you can email me at the [Contact Page](#) and I'll get back to you. This site and the Facebook forum are for sale.
